## DESIGN. DETAIL. **DEUREN.**

---

Your home should reflect you; your dreams, your choices and your lifestyle. Your home is a personal statement which you create through your vision and passion.

At Deuren, we don't believe that you should compromise on your dreams. With a devotion to design, a passion for aesthetics and an obsession with detail, we guarantee a perfect marriage of functionality and aesthetics.

Front doors and garage doors greatly contribute to the first impression of your home, and we are here to make sure that the first impression is the right one.

---

## DESIGN & DETAIL

---

We marry intricate design with beautiful craftsmanship to create unique contemporary front, garage and internal doors that are bespoke to you and your tastes.

You have the peace of mind that our doors marry aesthetics with functionality; ingenious features are hidden within beautiful form.

Deuren front & garage doors come with premium features such as hidden bolts and hinges, spy holes, controlled opening security devices, motorised locks, personally coded keys and thermal/acoustic insulation, all to provide you with the best in security, safety and energy efficiency.

These premium features are coupled with complete flexibility when it comes to aesthetics. We can provide doors in larger sizes than standard doors, with any finish you want. Choose from an extensive range of woods, colours and designs to create a door that is perfectly unique and quintessentially you.

# HANDCRAFTED MATCHING DOORS

---

We are experts in our field. We've been handcrafting bespoke, luxury internal and external doors for over 25 years, utilising both traditional and modern techniques to make sure we deliver the best quality possible.

Using the finest materials available, all of our doors are handmade to the highest specification, and nothing leaves the factory without a stamp of approval and thorough checks.

We know that security is a top priority for many, and that's why we offer the option of RC3 Security on most of our doors. This allows you to rest easy knowing that your home is secure. Many of our doors are also suitable for passive houses thanks to fantastic energy-loss reduction features.

# VERTI

---

Our most minimalist door is perhaps one of the most beautiful. Showcasing our stunning collection of woods and colours, the Verti door utilises strong vertical aspects to create a beautifully understated entranceway with simplicity that will remain in the minds of those who see it.
