

The Heritage Collection

A suite of systems sharing a classic design theme

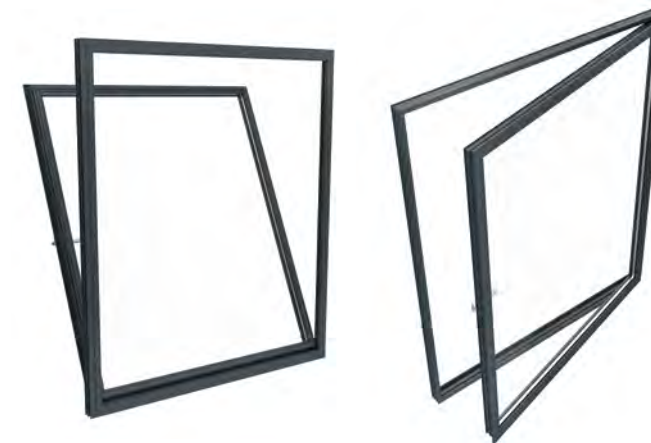

◆ *Perfect for sensitive refurbishment and renewal work, our doors are ideal for listed buildings.*

Create the Perfect Entrance

Available in single and double formats, as well as a French door option, **Alitherm Heritage Doors** feature the slim profiles that are reminiscent of traditional steel products. The timeless elegance of these stylish and elegant doors is accompanied by high levels of quality and performance.

Suitable for both single and double door applications, Alitherm Heritage Doors are available in a wide range of sizes and colours, as well as a number of different locking and security options.

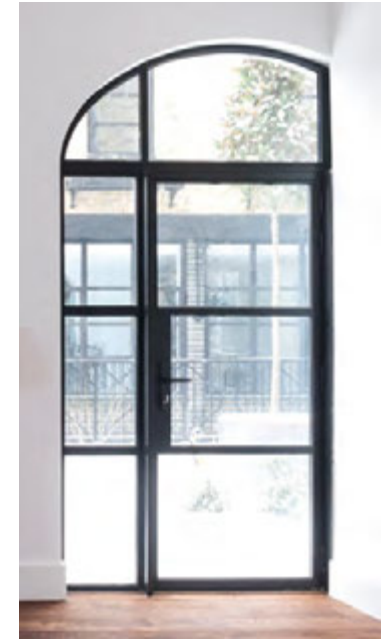

Keeping in Character

The **Alitherm Heritage Window** range has been developed to suit both new build and refurbishment projects.

Ideal for Victorian and Art Deco designs, the windows are proven in a wide range of projects across the UK and are available in both tilt & turn and standard casement formats.

Each window replicates the distinctive slim profiles and sight lines of traditional steel windows, which were so prevalent in the early and mid-1900s. However, the timeless elegance of Alitherm Heritage is also accompanied by the outstanding thermal performance of a modern aluminium system, with each window delivering a 'B' Energy Rating.

Maximise Living Space

Continuing the Heritage design theme, the **IDA Internal Screening System** also features distinctive slim sight lines, echoing the chic style of our windows and doors.

With the option of hinged, pivot and sliding doors to accompany the elegant fixed glazed screen, this flexible system provides almost limitless design possibilities, enabling it to be used to partition or delineate both residential and commercial spaces of any shape and size. The elegant system requires only minimal maintenance, with the high quality design providing many years of assured, reliable performance.

Broaden your Horizon

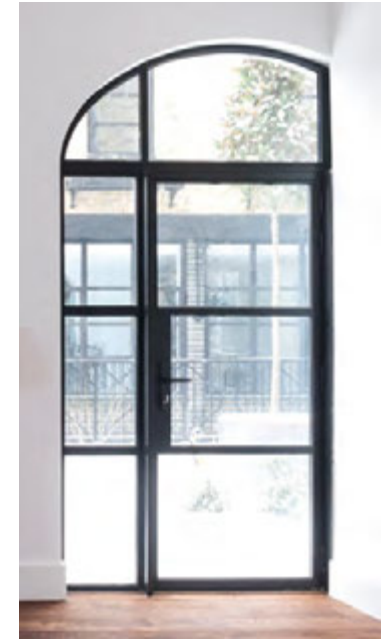

A high-quality, high-performance sliding folding door, **Visofold Heritage** matches the distinctive profiles and classic design themes of the Heritage Collection.

The system's characteristic slim lines and discrete hardware allow for maximum flexibility, with only a minimum space requirement.

This highly versatile door is the perfect solution for traditional design projects, providing an elegant solution for residential and commercial applications, both new build and

refurbishment. Where large opening apertures are required, the system maximises light and space to give unimpeded views, and brings together a building's exterior and interior space.
